**Apply to a school via
solna.se/sokaskola
no later than 29 January**

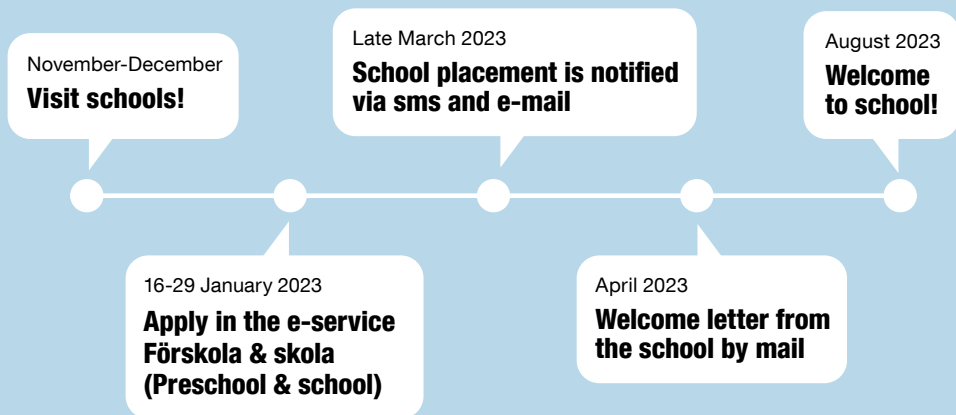

Welcome to school!

You receive this information since the start of preschool class for your child is soon to be a reality. As a parent/guardian you are responsible for applying to a school where you wish your child to attend. Here you can learn how the application process works, when you need to apply, when you will receive admission notice and how the selection is made. Preschool class is subject to the compulsory education requirement.

The most complete and current information, as well as the e-service Förskola & skola (Preschool & School), can be found at solna.se/sokaskola

SOLNA STAD

Subject to change. The current schedule is available at solna.se/sokaskola

- Make sure your contact information in the e-service Förskola & skola is up to date, since all communication about the application process is communicated by SMS and email.
- If your child will move or not attend school in the City of Solna, notify us by selecting "Kommunal skola utanför Solna" (Public School Outside of Solna) or "Fristående skola utanför Solna" (Independent School Outside of Solna) when you submit your application in the e-service. If you have been offered a placement at an independent school in Solna, please select that specific school in the e-service. Hence, we will know that your child has a school placement when school starts in August.

Visit primary schools in Solna

Please visit the schools you are interested in before submitting your application. At planned information sessions you can meet teachers and principals who will share more about the school's activities. Information about when you can visit the schools will be found at solna.se/sokaskola

Application

Once you know which school you want your child to attend, submit your application during the period 16-29 January 2023. You can use the entire period to apply and make any changes. You apply in the City of Solna's e-service Förskola & skola (Preschool & school) at solna.se/sokaskola

How the selection is made

Firstly, the placements are allocated on the basis of the guardian's wishes. Secondly, sibling priority is taken into account, and thirdly, the principle of relative proximity is applied.

Do you have questions?

If you have questions about the preschool class application process in the City of Solna, you are welcome to contact the Contact Center at 08-746 10 00.

If you cannot use the e-service, you will be offered help to submit your application via the e-service. If this is not an option, you will be asked to fill out a paper form.
